

Hearing Assessment for All Ages

For patients with hearing loss, vertigo, dizziness or balance disturbances, WCGH offers thorough, in-depth assessment from our highly trained audiologist with more than 25 years of experience. We see an estimated 600 patients each year for diagnostic testing and assessment of patients of all ages above six months.

Audiology Testing Services

- Accredited diagnostic services
- Quick test results & report turnaround
- Minimal wait time for appointments

For information, appointments and referrals, call us today at 930-2660.
