

**“My voice is essential
when teaching yoga.”**

As the premier resource of its kind in Maine, the Voice & Swallowing Center sees people from the entire state, serving hundreds of patients per year. Our therapists collaborate with major medical centers throughout the U.S. to develop and refine treatment approaches for speech, language, voice and swallowing disorders. The services of the Voice & Swallowing Center are covered by most major insurances, including Medicare and MaineCare (Medicaid).

The Voice & Swallowing Center of Maine

- Nationally certified speech pathologists
- State-of-the-art diagnostic resources
- Comprehensive evaluation and treatment
