FOCUS ON THE WHO

LIFE'S A BEACH

AND SO ARE YOU.

SEE WHICH KIND, INSIDE.

I recently had the fortunate opportunity to relax at a beach. While I drifted in the water I had this thought that this particular beach was exactly what I needed - quiet, calm and not many people were there. I believe we all have oceans inside of us. Sometimes we have a quiet calm inside. Other times we have some waves going on. No matter what's going on inside you at this point in your life, it's good to know everyone is a beach - just different kinds. So take the test inside and see which one you are. Enjoy!- **MARTIN J. SUREX, SANDY, SALTY.

It's summer and the water and waves are beckoning. Think beach and think about which type is most like you and why...are you smooth on the surface but sometimes turbulent deep down under? Are you into floating slowly on clear turquoise-blue or into body surfing a little foamy curl? Prefer sand to shells? Take the test....
